

Downend, Bristol, BS16 5SG - <https://www.downendhealthgroup.com>

Are you looking for a Salaried GP role in a very friendly, social, and supportive practice in the attractive suburb of Downend, Bristol?

We are an innovative and forward-thinking GP practice with a sophisticated multidisciplinary team. We have a list size of 27,500 patients and our services are based over 2 purpose-built sites situated a 10-minute walk apart.

We have 12 Partners all of whom have a strong ethos of promoting teamwork, mentorship, professional development, and a healthy work/life balance for all our staff. We are a well-established teaching and training practice and are consistently high QOF achievers year on year.

We have been granted a Sponsorship Licence and so are able to employ skilled workers from overseas.

What we offer:

- **A competitive salary (dependent upon experience)**
- **15-minute appointments - a mixture of face to face, telephone and eConsult appointments**
- **Protected 15-minute coffee break per session**
- **Protected administration time built into every session**
- **Protected time to support other HCPs built into templates**
- **Regular follow-up appointment slots, protected, for only you to book**
- **A team approach to duty work with multiple GPs working from the duty "hub" at any given time (rather than solo duty Dr sessions) and no triage list**
- **Regular Salaried GP meetings and Learning Event meetings**
- **Six weeks annual leave, one week study leave and bank holidays pro rata**
- **The support of an Urgent Care Team, including Paramedics and a Prescribing Nurse Practitioner, carrying out regular minor illness clinics**

- **The support of Clinical Pharmacists and Practice Nurses with management of chronic diseases**
- **An enthusiastic and highly trained Medicines Management Team to deal with repeat prescriptions, medication queries and discharge summaries, which takes significant pressure off GP administrative workload**
- **Support from a Health and Wellbeing Coach and care Co-ordination Team who assist vulnerable patients, offer social prescribing and help co-ordinate care for complex elderly patients**
- **Excellent opportunities to get involved with teaching and training**
- **The option of mentorship and monthly meetings for newly qualified GPs via the Newly Qualified GP Fellowship**
- **Lots of opportunities to get involved with research**
- **Regular frailty, palliative and safeguarding MDTs**
- **Green Practice and Health and Wellbeing initiatives for all our staff, including regular social events and an employee assistance programme**
- **All Medical Indemnity, GMC membership and other professional subscriptions, required to work within the practice, will be paid**
