

Advanced Nurse Practitioner

The Orchard Medical Centre

The closing date is 30 August 2024

Apply for this job

Job summary

The Orchard Medical Centre is a dynamic, friendly teaching practice based on the outskirts of Bristol and we are looking to recruit an experienced Advanced Nurse Practitioner working 20 hours per week to cover 4 sessions, split over 2-3 days, to join our existing friendly GP/ANP team within a dynamic and progressive primary care setting. The ideal candidate would be able to cover Tuesday through to Friday. You will be working alongside 1 other ANP with the support of the GP team.

There are opportunities for teaching and developing your own special interests.

Main duties of the job

This role involves autonomously managing patient list. The role includes autonomously managing your own caseload. This will include history taking, examination, diagnosis and treatment plan. The role focus's on minor illness and urgent, on the day appointments. As a result you should hold a prescribing qualification. .

The successful applicant should be flexible. There may also be the opportunity to work additional hours.

About us

We work from one site and we are based on the outskirts of Bristol with a population size of around 12000 patients. As a valued member of the clinical team, the quality of care we provide starts with you.

The practice offers:

****onsite parking****

****access to health and well being services****

****Daily clinical catch up over coffee****

****Daily practice huddles****

****Regular team meetings****

****NHS pension****

****Personalised induction****
